ABOUT ME

Product manager with 3+ years of experience driving AI initiatives from Discovery to MVP launch in Healthcare and Legaltech startups. I am certified by Genesis IT Product School and Andrii Mandrika's Product Metrics & Analytics Course, with practical expertise in market research, process coordination, and quality evaluation. I combine a legal background to bring structured analytical thinking, metric-driven decision-making, and cross-functional stakeholder alignment to fast-paced tech teams.

WORK JOURNEY

Roosh, AI Quality Engineer/Data Analyst Nov 2024 – Jul 2026

Startup developing a legal NLP web platform for US lawyers. As the only QA on the project, I also worked as a data analyst, supporting the product from Discovery to MVP launch.

- Gathered and documented product requirements for AI features with the Product Manager and domain experts.
- Analyzed customer feedback at launch to identify product issues and improvements.
- Analyzed AI feature usage to see what users actually used and where they dropped off.
- Prepared a competitor research report for stakeholders, identifying growth opportunities for AI features.
- Established and owned a QA process from scratch: test strategy, AI quality metrics, E2E, usability, regression.
- Collected test data from users and built a catalog of 30,000+ samples, speeding up data access for the whole team.
- Managed and prioritized the defect backlog and reported critical issues to the AI team.

Mobilunity, Data Annotation Project Manager Oct 2022 – Mar 2024

Startup developing a B2B care-quality AI web platform for US hospitals.

- Led a data annotation project, gathered requirements for AI features, and created annotation guidelines.
- Collected and analyzed customer data to identify patterns and assess its quality and sufficiency for training ML models.
- Managed the test environment, performed manual end-to-end (E2E) testing of an AI platform, identified and reported defects, assessed release readiness, and provided regular testing status updates to the team.
- Took the initiative to facilitate Scrum ceremonies (stand-ups, sprint planning, reviews, retrospectives) for a cross-functional team of 9: Frontend and Backend engineers, DevOps, Designer, QA, and the AI team.
- Ran progress meetings and demos of new AI features for stakeholders.
- Interviewed and mentored new team members.

Label Your Data, Data Annotator Sep 2021 – Apr 2022

Outsourcing company providing data annotation services across various industries.

- Classified and annotated images with high accuracy, ensuring data quality through rigorous QA procedures.

Department of Land Resources, Legal Counsel Jul 2019 – Aug 2021

- Managed 20+ legal cases concurrently, coordinating with multiple government agencies to collect and analyze data and prepare detailed court filings to defend institutional interests.

COMPETENCIES

Product Discovery & Requirements: User interviews, Jobs-to-be-Done (JTBD), Customer Journey Map (CJM), competitive and market research, PRD/FRD, User Stories, Use Cases, Acceptance Criteria.
Collaboration Tools: Jira, Confluence, Linear, Notion, Miro, Whimsical AI.
Project Planning & Delivery: Agile, Scrum, Backlog Management, Risk Identification and Escalation.
AI prototyping: Interactive prototypes, wireframes, user flows (Figma Make, Claude, Lovable).
International Collaboration: Direct communication with US stakeholders.

Languages: Ukrainian (native), English (B2).

SOFT SKILLS

Ownership - establishing new processes, improving existing ones, research and generation of new growth product ideas.
Leadership - interviewing, onboarding, mentoring team members, and team management.
Presentation - product demos.
Meeting Facilitation - client workshops and Scrum ceremonies.

ACHIEVEMENTS

3rd place, Diia.AI Contest Hackathon Dec - 2025

CERTIFICATIONS

Product Metrics and Analytics by Andrii Mandrika Aug - Oct 2026

Genesis Academy – IT Product School Mar – May 2026

EDUCATION

National Academy of Internal Affairs of Ukraine Aug 2015 – Jul 2019
Bachelor of Laws
